

November 2025

The Alumni Relations Office will periodically provide relevant job postings that may be of interest to PAU alumni. We encourage you to submit any openings you may have. Please note that a job posting is not an endorsement of the position by Palo Alto University, its Alumni Association, or any representative of the institution. These postings are generous contributions from our community but have not been fully vetted by PAU.

Santa Clara County, CA

Employer: [Santa Clara Valley Healthcare \(SCVHC\)](#)

Posting: [Psychologist](#)

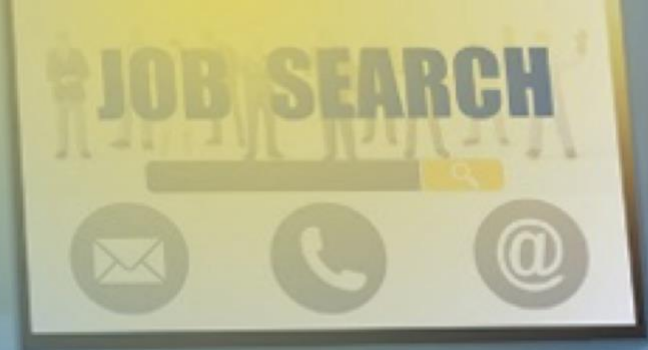

Introduction: We are the local healthcare safety net and primary provider of comprehensive care, services, and programs to the residents of Santa Clara County. As a psychologist within our system, you will play an essential role in supporting the mental health needs of our diverse population. The Psychologist provides psychological services in the evaluation, diagnosis, and treatment of patients as assigned in a community program, correctional facility, primary care clinic, hospital and/or other clinical settings within the County of Santa Clara. Typical tasks include individual and/or group psychotherapy, health and behavioral intervention, consulting services, multidisciplinary team collaboration, training to interns, and work with family and systems related to the client welfare. It is required to have knowledge in supervision, evidence-based practices, research strategies, cultural competencies, risk assessment, and legal standards. Requirements include a valid clinical license and doctoral degree from an accredited program.

Cedar Rapid, IA

Employer: [Iowa Psychological Association](#)

Posting: [Doctoral Level Forensic Psychologist](#)

2025 CAREERS DIGEST

Introduction: IFP is dedicated to delivering objective, high-quality forensic evaluations that directly address the legal questions presented. In addition to our evaluation practice, we have teaching/education and research divisions in forensic psychology. We are seeking for a psychologist who wants to be part of a high-level, collaborative team committed to excellence in forensic practice and provide our clients with comprehensive psychological and specialized forensic evaluations, case consultation with attorneys, expert witness testimony across a broad range of psycho-legal issues in adolescent and adult populations including justice-involved individuals in residential, psychiatric, incarceration, and outpatient settings. Requirements include Ph.D./Psy.D. in Clinical Psychology, Counseling Psychology, Forensic Psychology, or closely related doctoral field, Completion of APA-accredited pre-doctoral internship, licensed (or willing to seek licensure) in Minnesota and potentially additional states as contracts are added, demonstrated skill and experience providing clinical and evaluation services to justice- involved clients and/or clients with acute/chronic psychological concerns, advanced training in evidence-based forensic evaluation, strong knowledge of state and federal laws and legal standards relevant to forensic work, proficiency in psychological and psycho-legal testing.
