By signing this:

- I understand I must notify the Veteran Student Services through the PAU Office of Financial Aid each quarter to be certified for educational VA benefits.
- I understand the VA will only pay for courses that are required for my current Educational Objective/Degree Program.
- I will notify the Military/Veteran Student Services at veterans@palloaltou.edu immediately if any changes are made, which include a Leave of Absence, add/drop, withdrawal of course(s), and degree program changes.
- I also agree to notify the Military/Veteran Student Services through the PAU Office of Financial Aid of any letters of suspension received which may affect my benefit payments. I also understand that I cannot audit courses as the VA will not pay for audited courses nor repeat courses that I have successfully passed with VA educational benefits.
- I understand that I am responsible for submitting any Joint Services Transcript (JST), Community College of the Air Force (CCAF) transcripts, if applicable, and any prior credit transcripts to Palo Alto University.
- I understand I am ultimately responsible for my Palo Alto University bill regardless of the VA educational benefits for which I am eligible or any temporary tuition benefit that I may receive, if using the VA educational benefit. The Palo Alto University Veterans Student Services notifies the VA (after the notification of the student to our office each quarter if they plan to use their VA educational benefit) of units and degree program information and/or tuition/fees information, if applicable, to the VA. It is the Department of Veterans Affairs (VA) that will send any tuition and fees (for Chapter 33 only students to the University) and it is the VA that will send directly to the student any monthly allowance on behalf of the student for what the student is entitled.
